

## Call for Review Article

Dear Colleagues,

International Journal of Technology – IJTech (ISSN 2086-9614) is peer reviewed and an open access (OA) journal that provides quarterly publication with the objectives to explore, develop, and elucidate the knowledge of engineering design and technology, to keep practitioners and researchers informed on current issues and best practices, as well as serving as a platform for the exchange of ideas, knowledge, and expertise among technology researchers and practitioners.

Published papers in IJTech strongly represent the use of sustainable technology in product and service designs for tropical environment. Sustainable technology has been developed in various countries that comply with the principles of social, economic, and ecological sustainability and is categorized into the following themes: conventional and renewable energy, sustainable architecture, construction and environment, advanced material and manufacturing technology, efficiency and productivity improvement. Please visit our April 2021 publication with the link below:

We have learned your expertise and reputation in publishing your works. We are very interested in your research topic and invite you to publish your review article in International Journal of Technology. If you have the idea of making our journal as a vehicle for your research interests, please send the electronic version of your paper in MS word format to us through this email attachment or our online submission system. You can find a template paper in the attachment.

Thank you for your attention and we look forward to receiving your paper at your earliest convenience.

Kind regards,

Nyoman Suwartha  
Managing Editor  
International Journal of Technology (IJTech)
